

Public Art Installation at The Brockwell Centre Questionnaire

This questionnaire is designed to aid with the public involvement of the design of the public art installation (stained glass window) at The Brockwell Centre, Pelton Fell. It is of paramount importance that the local community should be involved in every stage of this project.

The public art installation will be displayed on each of the 5 panes of glass that appear overhead in the main hall. The final design should be a symbolic representation of the rich history of Pelton Fell whilst also including images representing the regeneration and future of Pelton Fell.

In this questionnaire, we at The Brockwell Centre would like to hear of any ideas that you would like to see on the art work itself. This could include written ideas, sketches or just letting a member of staff know your ideas.

Aims of the Project

- To produce a public art installation that is representative of the regeneration of The Brockwell Centre, Pelton Fell.
- To involve the local community in its design and construction
- To raise the profile of Pelton Fell within the North East region.
